This Agreement is made between **Water Installations** and **the property owner** commencing on this date. **Water Installations** agrees to provide servicing of the Biolytix System installed at the above address, as per the manufacturer's instructions and owner's manual requirements and confirms they are a current certified Biolytix Service Agent.

The above Customer agrees to allow **Water Installations** suitable access to the aforesaid System at all reasonable times as **Water Installations** may deem necessary to carry out such service and maintenance. The above Customer also agrees to pay to **Water Installations** any extra service or maintenance charges that may arise from general equipment failure or from the Biolytix System not being operated in accordance with the manufacturer's operating Instructions or owner's manual. Consumables, if required, are at extra cost.

This service plan includes:

WA approval requires at least an annual service. Due to the distance from our base in Mundaring, we offer a fixed price fee for all residents in our SW region from south of Mandurah to Augusta and across to Nannup. In this way all residents share the cost of travel and accommodation if required for the journey down south for a few days.

Annual service \$370

The service only includes the required water sampling and testing, removal and cleaning of pump, testing of pump, airblower, alarms, float switches, electrical wiring, cleaning of flush valves, checks on air valve and irrigation and so on. Any repairs or replacement of components, and additions to irrigation are charged at cost. Please ask about charges for chlorine washing of geotextile and breather tube insertion if you suspect flooding of the tank and general failure of the system.

Signature of Customer _____ **Date** _____

Water Installations hereby undertakes to service, maintain and perform the necessary tests for the aforementioned Treatment Plant and to send all relevant information to the Local Authority.

Service Agent _____ **Date** _____
Water Installations Pty Ltd

* It is a requirement by Local Government that a system owner has a valid Maintenance or Service Agreement with a licenced service agent.
